## Adaptive Picture Exchange 70

The ultimate flexible and scalable dry lab solution

Simply powerful performance.  
Improved profit potential.

The KODAK Adaptive Picture Exchange 70 (APEX 70) combines the peak performance of the APEX 40 with the versatility of the APEX 30 to give you amazing results and profit potential. Both new cabinet designs pack more productivity in a smaller footprint. The new APEX 70 solution holds up to four of our KODAK 7000 Series Photo Printers – double the capacity for standard prints sized up to 6x8 in. Add up to two KODAK 8000 Series Photo Printers to deliver exciting new premium products in both 8x10 in. and 8x12 in. sizes. Ideal for mid-high volume photo shops.

### KODAK Adaptive Picture Exchange (APEX ) benefits include:

- More printing in less space\*
- Low capital investment
- Proven, exciting new premium products from Kodak
- Reduced complexity and operating costs
- Efficiency that's 1-2-3 Easy – One sku delivers two finishes (gloss and new, improved satin) in three sizes (4x6 in., 5x7 in. and 6x8 in.)
- Trusted KODAK Quality prints that are stain resistant, waterproof and will last a lifetime\*\*
- Incredibly easy to use – train your staff in less than an hour
- Produce greener prints with less environmental impact – no processing chemicals, Consumes 70-90% less energy than comparable AgX minilabs\*\*\*

**APEX 70**

**1800**  
Maximum  
Productivity  
4x6 in. prints  
per hour

# Kodak Adaptive Picture Exchange 70

## Meet our new quick-change artist.

The APEX 70 includes our popular APEX 30 cabinet – designed for incredible versatility. As your volume grows, with a simple switch of the APEX 30 front panel you can convert the APEX 30 to produce all large format premium products – 8x10 in. and 8x12 in. formats.

*In just minutes, simply change out the front panel to customize your product offering.*

Up to two KODAK 7000 Series Photo Printers plus one KODAK 8000 Series Photo Printer

Up to two KODAK 8000 Series Photo Printers
